The Fence: She was born in the streets of a major Italian city and lived there as an orphan, scrounging for food and items to keep herself alive. When she was a teenager, a local priest with Fellowship ties noticed her intelligence and gave her some training that included an education on the supernatural. Through her time in the streets, she had certainly seen some strange things and had little trouble believing the father, especially after she witnessed an attack by undead on him while they were investigating a local cave thought to be a burial place. When she was old enough, the father helped set her up in business as a pawn broker, but she occasionally reverts to some of her street education, dealing in high end or unusual stolen items.
